Miami, FL 33199

Dear Dr. Rosenberg,

During our February Midyear Meeting, the American Council for Construction Education (ACCE) Board of Trustees reviewed the application for renewal of accreditation of the Construction Management Program at Florida International University. The Board had available the final report of the Visiting Team, which is enclosed. This letter is to inform you that the Board has approved a six-year re-accreditation from February 2020 through February 2026.

As directed by the Board, ACCE requires first-year and third-year progress reports. The Board's comments are summarized below:

The Council approves the re-accreditation of the Program at Florida International University for six years with first and third-year progress reports. The Council requires implementation and documentation of corrective measures to alleviate all concerns to be included as part of the first-year progress report.

A renewal of accreditation visit for the end of the six-year period should be scheduled between February 15 and March 31, 2025. The self-evaluation study, in preparation for this visit, will be due in the ACCE national office no later than November 1, 2024.

The enclosed Visiting Team Report contains a delineation of identified Strengths, Concerns, and Undeveloped Potentials. It is the expectation of ACCE that cited Concerns are addressed during the period of re-accreditation.

The Board of Trustees extends congratulations on this re-accreditation and expresses its appreciation for the many courtesies extended to our Visiting Team and for the positive way in which your faculty and staff responded throughout the review process. We wish you continued success with your Construction Management Program and feel confident that your graduates, the construction community, and our country are richer for your efforts.

Congratulations on your achievement!

Respectfully,

John Schaufelberger
Chair, ACCE Board of Trustees

Enclosure

Cc: Dr. Kenneth Furton, Provost, Executive Vice President, Chief Operating Officer
Dr. John L. Volakis, Dean-College of Engineering and Computing
Dr. Jose Faria, Interim School Director
Dr. Khalid Siddiqi, Chair, Accreditation Committee
Dr. John Schmidt, Visiting Team Chair
Mr. Steve Nellis, President & CEO, ACCE
